I acknowledge that I understand that signing this statement authorizes The College Board and ETS to release to, and to discuss with, DANTES any information related to any scores resulting from this test, including possible reasons to question whether those scores were the result of any unfair or improper advantages. I also understand that my test scores must reflect my own efforts. Giving or receiving assistance during the test or receiving and/or providing secure test information prior to, during, or after the test is a serious breach of security and may result in cancellation of test scores and possible military action under UCMJ or related laws. Moreover, I understand that, in reviewing questioned scores and before taking action in connection with them, The College Board and ETS may withhold those scores and await the results of both College Board/ETS and related military investigations or actions.
